

Supplement Example Guide Weeks 1-4

Refer to respective bottles for daily supplement serving dosages.

We recommend you start your day with a 16 ounce glass of water or our Early Morning Alkalizing Drink.

We recommend you take a biofilm disrupter in the morning alone with only electrolytes between breakfast and lunch.

We recommend you take any digestive support supplements right before meals (Ketozyme, Thorne Bio-Gest)

We recommend you take your antimicrobials with meals.

We recommend you take your probiotics in the afternoon separate from antimicrobials.

We recommend you drink 3/4-1 gallon per day.

Example Day ONLY - SIBO Positive

Shortly After Waking:

We recommend Drinking our Early Morning Alkalizing Drink & Following Supplement:

Take w/ Breakfast Shake:

- Digestive Aids (Ketozyme, Thorne Bio-Gest)
- GI Synergy*
- Allimed**

Mid-Morning:

Previous Clients have Benefitted from Drinking 1 Quart of Spring Filtered Water and taking:

- Biofilm Disrupter
- Electrolytes

Take w/ Lunch:

- Digestive Aids (Ketozyme, Thorne Bio-Gest)
- Antimicrobials

Afternoon:

(Take w/ another Chocolate Breakfast Shake (if hungry) or just a handful of Macadamia nuts):

- Electrolytes
- Probiotics

Dinner:

- Digestive Aids (Ketozyme, Thorne Bio-Gest)
- Antimicrobials (EcoPhage ...)

!!! No eating 3 hours before bed !!!

Bentonite Clay (Scroll Down)

Scroll Down

Bentonite Clay

Before Bed: Mix 1/2 - 1 teaspoon of Bentonite Clay in about 4 ounces of water, mix vigorously with a fork (there will still be some clumps) and drink immediately! This pulls pathogenic bacterial die off out of your body safely and smoothly.

****Dr Leo Treyzin recommends Allimed for SIBO:**

"Dosage: Take 1-2 caps 3x per day for a total of 14 days (start with 1 cap 3x per day and on day 3 increase to 2 caps 3x per day). It is important that you take 450mg"

Research shows taking probiotics separate from antimicrobials may be best as the beneficial bacteria in the probiotics could be killed off by the antibacterial properties from the herbs, garlic, and peppermint essential oil etc in the recommended antibacterials etc.
